Foster Creek is working on a Cooperative Weed Management Area for Douglas County. It seems to be very similar to the Douglas County Weed Management already in place. Joe will investigate further, and Aaron Rosenblum will be asked to attend next meeting.

Foster Creek CD is the lead on the Biocontrol program in Douglas County. Mike Lesky thought WVC could be of assistance for the program. Carol will contact FC and see if they are still active with staff time and funding to continue the program.

Eddie was here for his last supervisor meeting. We have appreciated his hard work and participation in our district from 2005. He will be missed. Thanks Eddie, and Davee, for your support!
